

STOP POLIO -- Take Your Type II Oral Vaccine Sunday at Gym

The second dose (Type II) of the Sabin Oral Polio vaccine will be given here Sunday beginning at noon in the Hamlin High School Gymnasium. The mass drive will begin at noon and close at 7:00 p.m.

All persons who received their first dose in the initial drive in September are asked to bring their rec-

ord with them Sunday so that the Type II dose may be added to the first record.

Tables will be arranged alphabetically and original copies of records from the first drive will be on file. Those taking the vaccine will be directed to the proper table so that the original record and the copy held by the individuals may be brought up to date.

James Rodgers and Robert Fowler will be in charge of keeping the records and they are asking each person to bring their record from the first dose. Those who did not take the initial dose here or do not have their record will be directed to a special table for registration.

The Type II vaccine was originally scheduled to be

given last in the series of three doses but the local health authorities are going along with other medical associations in delaying the Type III until a more thorough examination has been made. The controversy over the third type was started when it was announced that several cases of that type had been discovered in Canada after persons had taken the vaccine.

Mrs. Patterson Wins Top Prize In Herald's Contest

Winners of the HAMLIN HERALD "Good-Will" subscription campaign climaxed last week have been announced by Editor Bob Craig. Mrs. La Foy Patterson won first place for a prize of \$750.00, Mrs. Roy Thompson, second for \$250.00 and Mrs. C. T. Carter was third for \$100.00.

He also said this week that a picture could not be made of the winners for this edition therefore it will have to be carried in next week's issue.

News and Views . . .

and what have you

by BOB CRAIG

From earlier predictions it would appear that the Cuban Crisis helped the Democratic cause across the nation as the democrats did not lose as many seats in the house and senate as expected nor as is traditional in an off year election.

There has not been enough time before this was written to look at how the liberal-conservative balance will be in the new congress. As far as the president's welfare program is concerned this is the important consideration.

On the state level the Republicans proved that they were a force to be reckoned with in the future as Jack Cox ran a very strong race considering the lack of showing of the Republicans in the years past.

It would surely simplify matters if the conservatives would form a party and let the liberal-socialist form another. Then Texas and the other states of the south could truly become two-party states.

The way it now stands it is not enough to know what party a man belongs to but you must also know whether he is a conservative or a liberal.

Because of past traditions and ties I don't believe it will ever be possible to get all of the conservatives in one of the existing parties and the liberals in the other.

The Herald would like to thank all of the people who worked in the just completed "Good Will" subscription campaign. Because of their fine work and the good response of the public it was a real fine success with the Herald adding over 250 new subscribers to its growing mailing list.

We would like to take this opportunity to welcome all of these new subscribers and we hope that in the years ahead, we will justify your confidence in us.

While welcoming our new readers, this would be a good time to mention that the Herald would like to have a correspondent in both Neinda and McCaulley. If you are interested or know of someone who might be interested in becoming a correspondent for the Herald please either drop by the office or drop us a line.

Don't forget that Sunday is the day for your second phase of our attempt to wipe out polio in the Hamlin area. Please take the time sometime Sunday afternoon—preferably early—to go by the gym and take your sip of the Type II oral polio vaccine. To help the volunteer workers—please bring your receipt from last time with you.

Jan Ellen Cudd, a student at Abilene Christian College of Abilene, spent the week end with her parents, Mr. and Mrs. Thomas E. Cudd. Mr. Cudd is minister of the Hamlin Church of Christ.

COUNTING THE FINAL VOTES—Votes compiled by the contestants in the Hamlin HERALD'S "Good-will" subscription campaign were counted by local businessmen who served as judges and the HERALD editors Friday at a meeting held at Bunnie's Restaurant. Pictured are left to right, Leldon Clifton of Farmers and Merchants National Bank, Mayor Jno. V. Howard Jr., owner of Jno. Howard Food Market, Mrs. Bob Craig, associate editor of the Herald, and James E. Rodgers, Certified Public Accountant. Assisting in the counting was Bob Craig, editor-publisher and Mrs. Mithe McBeath, campaign manager, not pictured. Mrs. La Foy Patterson placed first; Mrs. Roy Thompson, second; and Mrs. C. T. Carter was third in the contest.

Ministers Remind Public of Union Services Nov. 21

The Ministerial Alliance of Hamlin reminds all of Hamlin of the Community Thanksgiving Service, to be held at 7:30 p.m., Nov. 21, at the First Methodist Church. This is a united service sponsored by the Ministerial Alliance of Hamlin.

The ministers who belong to the alliance will be in charge of the service and one of the members will be the preacher for the night. The alliance stresses "This is a time when we can join hearts, voices, and lives together to give witness to our common faith in God through our Lord Jesus Christ."

The members continue by emphasizing "this year is a good one to praise God together for the freedom and heritage we have and to seek His power that we might pass it on to our children and our children's children. Mark your calendar! Come join in Christian Praise and fellowship."

PIPERS SEEK DISTRICT WIN; JOURNEY TO HASKELL FRIDAY

The Pipers will match wits with the best "second half" team in the league Friday night as they journey to Haskell to play the Indians. The Indians have not given up a score in second half in district play and only one touchdown in the second half to a team that has beat them.

The Indians trailed Winters 14-0 at half time and the final score was 14-8. Winters; they trailed Ballinger 24-0 at half time and the final score was 24-16. Ballinger; and they trailed Anson 14-0 at half time and the final score was 22-14. Haskell.

The Haskell eleven will carry a 5-3 season record into the contest Friday night having lost to Winters, Ballinger and Olney. Olney is the only team to score in the second half against the Indian's first unit.

The Indians, pre-season picks to win district, have a good passing attack and pass a little more than the average high school team. Their top back is Tailback Joe Thigpen who is fast and likes to run wide. Top linemen are right guard Bobby Herren and right tackle Leslie Wooten, who won the 220 yard run in district last spring.

The Indians run four variations of the Wing-T, using split ends and flankers.

Probable starters for the Indians will be left end, Wayne Conner at 165 pounds, left tackle John Gannaway at 169 pounds, left guard Perry Pogue at 165 pounds, center Phil Bowers at 168 pounds, right guard Herren at 165 pounds, right tackle Wooten at 185 pounds, right end David Anderson at 170 pounds, quarterback James Davis at 165 pounds, Tailback Thigpen at 155 pounds, fullback John Kimbrough at 205 pounds and wingback James Brown at 155 pounds.

Coach D. C. Andrews reported this week that the physical condition of the team was about the same as last week and that the lineup would be the same.

Tickets to the Haskell game are on sale at the local drug stores and tickets for the Anson game the following week will go on sale Monday.

First Methodist Fall Revival Opens Sunday

The fall revival at the First Methodist Church will open here Sunday with the pastor, the Rev. James Boswell, as the preacher. Services will be conducted at 7 a.m. and 7:30 p.m. daily through Nov. 18.

The Rev. Bruce Parks, pastor of the First Methodist Church in Baird, will lead the singing.

The men's Bible Class will serve coffee and doughnuts each morning from 6:30 to 7:00.

An 18 hour prayer vigil will begin at 6:00 a.m. Saturday, Nov. 10 and continue until midnight.

A. B. Carlton, chairman of membership and evangelism, announced these committees for the revival. Mrs. Rudy Hamric, Mrs. Richard Young, Parker Kelley and Ed Croan, publicity; Johnny Bryant, Wesley Nail and Mrs. Ed Bailey, visitation.

The public is cordially invited to attend the services.

MAYOR URGES ATTENDANCE OF CIVIL DEFENSE MEETING

Mayor Jno. V. Howard, local Civil Defense officer, has called a special meeting of all citizens at the Hamlin High School Auditorium tonight (Thursday) to discuss steps to be taken in case of nuclear attack or other disasters.

The special meeting is being set up through the cooperation

of the local school, Fire Department, City officials and the County Agents.

Mrs. Mary Y. Newberry, the Home Demonstration Agent and Kirby Clayton, County Agent, for Jones County will present a portion of the program. They will be using materials from the extension service of Texas A&M College.

Mayor Howard has been working with James Garner, Chief of Texas Civil Defense, in setting up the Hamlin meeting. Two other speakers are expected to be here to assist in the program.

With our world situation becoming more critical each day, Mayor Howard urges that at least one representative from each household be present for the program to be presented this evening. Being prepared in an emergency is as important as portance and plans should be made now in every home. Survival in case of nuclear attack, nuclear fallout, and the food supply necessary for a designated period will be among the points to be discussed.

TB Christmas Seals to be Mailed Nov. 10

Mrs. Mildred Williams, executive secretary of the Jones County Tuberculosis Association announces that through the volunteer work of the Jones County Association seal chairman, Mrs. H. H. Corley, the Stamford Business and Professional Women's Club, the Prep Teen Club and many other volunteer workers of Jones County, approximately 2000 letters with TB Christmas Seals will go into the mail on November 10.

L. E. Million, Jr., president of the Jones County Association reports that the annual seal campaign would officially get underway on November 13.

Mrs. Corley is president of the Stamford Business and Professional Women's Club and active in many civic affairs.

COUNTY APPROVES 6 OF 14 CONSTITUTIONAL AMENDMENTS

Republicans failed in their bid to carry Jones county as John Connally carried the county by 1,106 votes in the incomplete returns available Wednesday afternoon. The county totals are complete with the exception of the East Stamford box which is expected to have between 500 and 600 votes. Connally received 1,735 votes in the county and Jack Cox received 629 votes. Jack Carswell (Constitution Party) received 10 votes.

In making his winning bid for governor of Texas, Connally carried both of the Hamlin boxes. He received 84 votes to Cox's 29 in the East box and 209 votes to Cox's 190.

County voters apparently approved six of the 14 Constitutional Amendments.

County results in the state races were:

J. B. Eakin received 71 write in votes for Justice of the Peace in Precinct 5. He received 14 votes in the East box and 57 votes in the West box.

According to the available returns Cox carried only one voting box in Jones county—Swenson by two votes.

MRS. THOMPSON RECEIVES CHAIR FROM BARROWS—R. Y. Barrow, owner of R. Y. Barrow Furniture Co., is pictured left with Mrs. Roy Thompson as he presents her with the occasional chair as the sixth weekly prize in the HAMLIN HERALD'S subscription campaign. Mrs. Thompson turned in the most new subscriptions during the final week of the campaign to become eligible for the prize. Mr. Barrow was one of six merchants offering quality merchandise for the weekly winners.

Two Injured Here Thursday Morning In 2-Car Wreck

Mrs. C. L. White and her two small children were taken by Hamlin Funeral Home ambulance to Hamlin Memorial Hospital for examination after their automobile collided with an auto driven by Mrs. W. B. Britton on West Lake Drive.

Mrs. White was admitted to the hospital and remained overnight for observation. Cindy, age 4, was treated for a broken collar bone and allowed to go home. Linda, 1½, was not injured.

Mrs. Britton was checked for injury at the hospital and released.

Mrs. White was driving east on West Lake Drive and Mrs. Britton was traveling north on S. W. Ave. A. Mrs. White's 1960 Ford and Mrs. Britton's 1960 Buick were both damaged.

The accident occurred about 8 a.m. Thursday.

Mr. and Mrs. Roy Gilbreath and Kay, formerly of Hamlin visited with the Bob Tegarts Sunday.

MRS. PATTERSON WINS FIFTH WEEKLY PRIZE—Mrs. La Foy Patterson, left, is shown in Frank's Department Store as she makes her selection of a Marcy Lee of Dallas dress from the display shown by Mrs. Ray Sonnenburg, right. Mrs. Patterson also received a box of three pair of Forever runless hosiery which she is holding. She was named winner of the weekly prize after turning in the most new subscriptions during the fifth week of the HAMLIN HERALD "Good-will" subscription campaign. Frank's joined with several merchants in presenting prizes to the weekly winner. Mrs. Sonnenburg is buyer for women's fashions at the local store.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN—A statewide drive is underway to raise \$950,000 for a "Cerama Star" shrine at Washington - on - the - Brazes, where the Republic of Texas was born.

Campaign was announced by Gov. Price Daniel after meeting with Mrs. Mary Moody Northen of Galveston, Robert L. Thornton of Dallas and Gus S. Wortham of Houston, who co-chairman the project.

"Cerama Star," as visualized by designer Clyde E. Gray, of Woodville, will be a star-shaped concrete building covering five acres of ground at the historical site near Brenham.

It will contain more than 6,000 square feet of ceramics, tracing Texas history.

Shrine is to perpetuate the memory of the 59 courageous early Texans who met at Old Washington on March 2, 1836 and declared their independence from a tyrannical Mexican government. They set in motion a course of events which saw, within 50 days, the fall of the Alamo, the massacre at Goliad, and the decisive victory at San Jacinto which secured the freedom of Texas.

Back in 1956 the Texas Press Association joined with the Texas Independence Day Organization to encourage construction of such a memorial.

Building is to be shaped like the Lone Star, with a tower rising from the center, topped by a powerful searchlight known as the "Light of Texas Freedom."

An elevator will take passengers to the top.

TOURS FOR THE TAKING—Scouts for the Texas Highway Department's Travel Division, always on the look-out for interesting things for tourists to see, have uncovered 324 tours that Texas industries offer in 70 cities.

Information came from queries as to what plants would spread the welcome mat for visitors.

Replies were compiled into an easy-to-read booklet entitled, "Visitor Tours of Texas Industry."

Copies can be obtained through the Travel Division's Austin office, or at any of the eight State Tourist Bureaus.

SUBTERRANEAN CENTER—Texas Department of Public Safety plans to go underground to handle disaster relief operations.

Col. Homer Garrison Jr. reports that ground has been broken for a \$630,000 underground state emergency operating center.

Garrison said the present disaster communications center, located in the basement of the department's headquarters, lacked facilities to handle major disasters—such as Hurricane Carla—at peak efficiency.

The new 12,000-foot center will facilitate uninterrupted operation for 30 days.

Designed to withstand the effects of air blast, thermal radiation, residual radiation (including fallout) and chemical and biological agents of warfare, the safety center will be manned around the clock from the time it's completed. It will accommodate about 120 persons, and be equipped with an independent water supply, fuel supply and auxiliary utility power.

PARKS PLANS FALL THROUGH—Those water-color illustrations of a \$1,500,000 lodge on Lake Texoma in Eisenhower State Park now are more of a dream than a reality.

Plans for the project fell through when John Prather of Dallas, a member of the Eisenhower Development Corporation, financing the lodge, told State Parks Board executive director Bill Collins that the finance company, holding a \$350,000 note against the marina, had filed for repossession.

Lamplighters Inns, Inc. of St. Louis, Mo., which had agreed to operate the lodge, withdrew when it became apparent that

the proposed \$500,000 marina won't be completed in time for the tourist season.

Prather said his group still is interested if it can find a backer, but the Parks Board figures it under obligation to no one at this point.

A giant sigh of relief was expressed when board members were assured the state was not financially involved in the building plan.

Several attempts to finance a lodge on the Texas side of the 20-year-old lake have failed. Oklahoma's Lake Texoma Lodge across the lake was built about 1953.

IN THE BLACK—Land Commissioner Jerry Sadler reports that his department is in such good financial condition that it won't need to ask the Legislature for an appropriation for the Veterans' Land Program, out of General Revenue, for the next two bienniums.

While \$15,847,000 is due to be paid out during the next two years, for bonded indebtedness, the program has more than \$17,000,000 set aside to meet the obligations.

Sadler said that \$16,500,000 in installment payments from 600 in interest from federal securities, will be collected in the coming biennium.

AUTO TAX BACKED—Assessing automobiles for city and school taxes, without assessing "all other personal property on an equal and uniform basis," has been upheld by the Austin Court of Civil Appeals.

Court reversed a judgment of the Hays County District Court which had denied the City of San Marcos and San Marcos Independent School District judgment against F. W. Zimmerman for delinquent taxes on three motor vehicles.

Suit was for back taxes for 1956 through 1959.

SECURITY BIDS—State Securities Commissioner William M. King reports five applications for permits to sell \$4,562,890 in securities in Texas.

Applicants include four Texas companies: FNIC Investors, Inc., Houston, \$618,840; Medalion Stores, Inc., Dallas, \$814,450; Texstar Securities, Inc., San Antonio, \$30,000; and Texas Fund, Inc., Houston, \$3,000,000.

SYSTEM CHALLENGED—The "place" system of electing two or more state representatives from Texas' larger counties has been challenged in Austin's 53rd District Court.

Houston attorney Robert W.

Hainsworth seeks a reclaratory judgment that the present method of apportionment of representatives in the larger counties is unconstitutional.

His petition attacks the 1961 reapportionment act of the 57th Legislature.

Act assigns representatives by the place system to 17 counties now allocated more than one representative: Jefferson, Galveston, Harris, Nueces, Hidalgo, Cameron, McLennan, Bell, Dallas, Travis, Tarrant, Bexar, El Paso, Wichita, Taylor, Lubbock and Potter.

DRAFT STATUS—In times of crisis, men worry about their draft status.

President Kennedy's arms quarantine on Cuba has brought a flood of calls to State Selective headquarters, in Austin, from men concerned about their "obligation."

If you were born before August 30, 1922, you don't have any, says SSS headquarters.

If you were born after August 30, 1922, you legally are required to be registered, unless you are not yet 18 years old.

Any man past 35 is no longer liable for military service. But he still is obligated to inform his local draft board of any change of address.

BASKETBALL PROBE CONTINUES—House Speaker James L. Hurn and members of the House general investigating committee have been issued subpoenas to appear in Austin before the Travis County grand jury.

Their appearance is desired in connection with a hearing on Contempt of the Legislature charges.

Three witnesses balked at answering the committee's questions during the probe of possible fixing in Southwest Conference basketball games.

Citations charging Milton (Duck) Mallard of Bryan, Enoch (Sig) Diekman of Dallas and M. C. (Sonny) Pearson of Austin were received from Turman by District Attorney Tom Blackwell of Austin.

SUCCEEDS FATHER—Doyle Taylor of Tuscola has been appointed by Governor Daniel to membership on the State Finance Commission. He will fill the unexpired term of his father, the late Walter Taylor of Coleman.

Term expires in February of 1965.

WORLD'S FAIR COMMITTEE—Governor Daniel has picked a 25 member committee to consider a Texas exhibit for the 1964 World's Fair in New

From the Past

From the files of the Hamlin Herald

10 YEARS AGO

What happened in Hamlin 40 years ago? November 24, 1922 issue of The Hamlin Herald provides the following statements:

Last Tuesday the Hamlin Luncheon Club had as their guest Capt. Nussbaum, a famous and forceful speaker who agreed to come and deliver a week of programs and lectures. The Business men are defraying costs and urge everyone to attend.

Mr. Hodges, the barber, has opened a new shop just south of the McLaughlin & Routh Insurance Office. He has a very comfortable and cozy place, and will be called "The People's Barber Shop."

The spacious country home of Mrs. J. C. Culbertson was a gala scene Wednesday afternoon when Mrs. Culbertson and her daughter, Miss Vera Culbertson, and Mrs. J. L. Keen gave one of the most enjoyable parties of the season. Despite the inclemency of the weather, about sixty guests enjoyed the drive to the Culbertson home where they were given a royal welcome in old fashioned Southern style.

Who said Hamlin was not growing? The evidence is that the colored population has reached a point where a school was necessary. This was started in the colored church house near the Compress, Monday morning. There is one teacher and fifteen or twenty scholars. They will be allowed only State apportionment money.

15 YEARS AGO

Among items of interest in the area 15 years ago were the following news briefs, taken from the issue of The Hamlin Herald dated November 14, 1947:

Hamlin Memorial Hospital will be ready for furniture and equipment this week-end, according to Bowen Pope, manager of the hospital association, which is building the plant. Dr. J. F. Hocott will head the staff at the new institution.

Dr. Will C. House, pastor of the First Methodist Church, will lead the Thanksgiving union service Wednesday evening, November 26, at the First Baptist Church, it is announced by the Hamlin Ministerial Alliance, sponsor of the annual union service.

The Hamlin Pied Pipers and the Albany Lions tied 6 to 6 in last Friday night's football game. The two teams are tied for the cellar position in District 11-A. Hamlin has lost seven straight games and tied one.

25 YEARS AGO

Printed as news in the Hamlin vicinity 25 years ago were the following items, taken from the issue of The Hamlin Herald dated November 12, 1937:

Ann Ferguson, a student in York City. He has asked the committee to prepare a recommendation by January, for Legislative approval.

MORE POLIO—Harris and Hidalgo counties each have reported a new case of paralytic polio. This brings the 1962 total to 234 cases. Of these, 178 are paralytic, 56 non-paralytic.

At this time last year the total was 70 cases.

5 YEARS AGO

New homemaking cottage for DePriest Colored School was put into service this week with resumption of class work at the institution, it is reported by E. S. Morgan, principal.

The Appaloosa station Cayenne Pepper owned by Ben H. Turner of Hamlin, and shown and ridden by his brother, Charlie F. Turner, won five \$500.00 prizes at the Show at Dallas last weekend.

Karen Irvin, 17-year-old daughter of Mr. and Mrs. Hollis Irvin of Noodle, is Jones County's Star award winner. Mary Y. Newberry, home demonstration agent has announced.

Fourth pioneer of the Fairview community, southeast of Hamlin, to answer the Grim Reaper's call within a month, Mrs. Sarah Ellen Wainscott, died Friday afternoon in the Stamford Sanitarium after a five-month illness. She had been in the sanitarium for four months.

Mr. and Mrs. Dan Branscum visited with their son, Neal, who is attending Rice University, Houston, at the Rice-Texas Tech football game in Lubbock Saturday. His sisters and

Baptist Re-elect Tate May to Hospital Board

Tate May, with Farmers and Merchants National here, was re-elected to the board of trustees for Hendrick Memorial in Abilene by messengers to the annual Baptist General Convention of Texas meeting in Fort Worth Nov. 1.

Hendrick Memorial Hospital is one of eight hospitals owned and operated by the Baptist General Convention of Texas.

During the past year, the eight hospitals cared for more than 112,000 patients and spent some \$1 million for the care of charity patients. Nearly 600 patients in Baptist hospitals made "decisions for Christ," and more than 3,600 patients rededicated their lives to God's service.

The eight hospitals, coordinated by the denomination's Human Welfare Commission, include the Baptist Hospital of Southeast Texas, Beaumont; Baptist Memorial Hospital, of San Antonio; Baptist Memorial Geriatrics Hospital, San Angelo; Baylor University Hospital, of Dallas; Hendrick Memorial Hospital, Abilene; Hillcrest Baptist Hospital, Waco; Memorial Baptist Hospital, Houston; and Valley Baptist Hospital, Harlingen.

their families, Mr. and Mrs. Wesley Groom and children of Abilene and Mr. and Mrs. Edis Carpenter and Mark of Paducah were also there. Neal plans to be in Hamlin over the Thanksgiving holidays.

PARROTS DO TALK... But!

SO DOES A RECORD PLAYER

Our Nation faces a serious threat of communism just off our shores. At the same time within our nation, they are seeking to undermine our faith in God. There are many sayings and expressions going around in our country that are communist inspired. In order to prevent "parroting" these sayings, that weaken our nation... attend church regularly, and study God's word so that the truth is more easily recognized.

"Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Mr. and Mrs. Don Wade and family visited his parents, Mr. and Mrs. A. A. Wade over the weekend.

OLD GLORY YOUTH SPEAKS TO COUNTY 4-H BANQUET

Sandy Leverett, a former Stonewall County 4-H Club leader, spoke to the group assembled for the fifth annual 4-H Club Awards Banquet held in the Anson School Cafeteria Monday evening and warned them not to take our democracy for granted.

Jones County 4-H Club leaders, members, parents, adult leaders and guests were attentive to the challenge made by the young speaker. Leverett, a freshman student at Tarleton State College, Stephenville, is the son of Mr. and Mrs. V. R. Leverett of Old Glory. He has won first and second place honors for public speaking on district level and a second place honor in the state.

Leverett cited the fact that no democracy in history has lasted more than 200 years and

in 14 years the United States would be observing its 200th anniversary as a democracy.

He also strongly presented the internal problems of our nation as moral decay is eating away at the strength of the land. He mentioned first that we are becoming conformists, and therefore allowing socialistic tendencies to creep in. His second point was that we are becoming indifferent and complacent about crime and immorality. Thirdly, he said, the people are showing a lack of accepting responsibilities.

He climaxed his message by emphasizing the need for the nation to adjust its thinking and turn back to the virtues which made it great.

Awards were presented prior to Leverett's talk. The Gold Star Awards were presented to

Ask Amy

BY AMY ADAMS

'MONEY' ISN'T ALWAYS ENOUGH

Dear Amy:

I appear to be a very fortunate woman. My husband gives me everything I ever dreamed of having. My home is exquisite and I have help to take care of it. I have clothes galore and drive a beautiful new car and we just had a swimming pool built. Obviously, all this to a woman would be heaven on earth but it isn't to me.

The only thing I ever really wanted was my husband home with me but he never is. His business keeps him completely occupied 7 days a week and practically 7 nights. They say the grass always looks greener on the other side of the fence. Well, I know it is! When I see the other women with their husbands laughing together, eating together, and enjoying each other, I realize that what I have is just a poor substitute for the real essence of life.

I am not ungrateful and I would be the happiest woman in the world to change places with the 'grass painters'.

All I want is my husband 'To Have and To Hold'. Once I read in a book, if you have a problem and you write it down on paper, it makes you feel better.

Well, I did, and I'm glad, although I don't feel better.

No Name Please

Dear No Name:

You and your husband have reached the pinnacle of success but unfortunately happiness does not have a price ticket. If you mean what you say and you really want to live a different kind of life, show this letter to your husband. Perhaps he too will realize there is something missing for both of you that money can't buy. P.S. Sorry I couldn't print the entire six pages, but space won't permit it.

Dear Amy:

I hope you don't think this is silly, but to me this is a real problem. I wear glasses and I have to wear them because I can't see without them. Everytime I kiss my date, my glasses fog up and it is very embarrassing to have to stop in the middle and wipe them clean. I was thinking of getting contact lenses. Do you know if they fog up too?

June

Dear June:

Your problem (?) is over. Contact lenses don't fog. But don't wear them out proving it!

Dear Amy:

I'm 28. For 5 years I have been going with a young man. For two years I have worn a diamond ring on my left hand, which was given to me by him to be worn on that hand. I have seen him every evening and every day during that period. He says, and his actions prove it, that he doesn't want me to have any other dates, but never has he referred to or even hinted at marriage for us, though he thinks it's all right for other people to get married.

Do you think it's possible that he doesn't love me and doesn't intend to marry me? Are there such men? Are all men generally opposed to marriage and have to be sold on it?

Puzzled

Dear Puzzled:

If he is in love, he doesn't have to be sold. You're getting attention without intention. Men generally are not opposed to marriage and if you can't sell him on it, tell him to take his business—and his ring—elsewhere!

Dear Amy:

I am 21 and for the past two years I have been dating a man who is 14 years older than me. He disturbs me by getting angry over the silliest things, and I'm beginning to wonder if I ever could be happy with him.

He objects if I go out with the girls from my office. I seldom go anywhere unless he takes me, although we aren't even officially engaged. He speaks of marriage, but only, it seems, when he's afraid of losing me. I am doing everything possible so we can be married. I left my church for him, and I have just about given up my sister, because he doesn't like me to visit her.

Because of his miserable attitude about everything I am always despondent. I realize breaking off would be the solution but I want to know if there would be any other way?

Despondent

Dear Despondent:

No! There wouldn't be any other way. The sooner you stop seeing him, the better off you'll be. (Don't make the mistake of letting him change your mind.)

GAS saves you a pot-full

Some of the richest people we know always mention economy as a virtue of GAS cooking.

(Maybe that's how come they're so rich.)

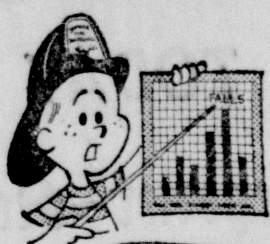

But it's true. Low-cost meal preparation is one feature that non-gas cooking doesn't begin to match. Another is speed and control — GAS

applies heat faster, removes it instantly (no 'hang-over' heat in your kitchen!) Then there's convenience: like Burner-with-a-brain . . . and the new Cook 'n' Keep oven — latest marvel from GAS.

A new automatic GAS range would do so much for you (and your kitchen). And, luckily they're on sale! So buy now and save an extra pot-full.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Everything is still green this Monday morning, frost would be a very welcome visitor any time now. No rain has fallen the past week, so cotton pulling has been going full swing, with all the farmers also getting their wheat planted.

The long awaited event has finally happened at our church. The rest room is under construction and it is hoped that it will be finished real soon. A room was built over the north steps, the north entrance of the outside hallway being used as the door to the room, which makes a very nice place, being inside, but still outside of the auditorium.

So many visitors were in church Sunday that every one was busy counting them. So seldom do we have so many that having sixteen was an event for such a small church, we are always glad to have them and try to make them welcome.

Most of the visitors were relatives of the pastor, which makes him very happy for them to attend. His parents, Mr. and Mrs. Johnny Lewis and aunt, Mrs. Susie Shelton, all from McCaulley way, a brother, Mr. and Mrs. Ed Lewis and children, Hamlin were present. The Drakes were in church also.

Other visitors were Mr. and Mrs. Dale Ray, Cindy and Jan, from Lubbock. Mr. Ray is a brother of Mrs. Lewis and they spent the weekend with the Lewis family.

Mr. and Mrs. W. C. Henry and daughter of Elsin, spent the week end with his parents,

Mr. and Mrs. E. A. Henry. Mr. Henry and daughter came to church with his father, making the total number of visitors.

The Ruth Sunday School class held their secret pal party last Friday night, in the home of Mrs. Flavi Holmes, as planned. All of the members and associate members but two, were present. The devotional was led by Mrs. Fred Rosenbaum, games were played under the leadership of Mrs. Jack Wright and Mrs. Holmes. After guessing who their pals were, the gifts were passed out. Refreshments of coffee, punch and cookies were served after which they had an hour of good fellowship.

Mr. Joe Ford has been in the Stamford Hospital since last Wednesday where he had surgery Thursday morning. He is reported to be doing fine and if all goes well he hopes to come home today.

Mr. Fred Rosenbaum was missed Sunday for both services as he was home nursing a bad cold.

Mr. and Mrs. Johnnie Agnew and Mr. and Mrs. Raleigh Bond visited Mr. and Mrs. Flavi Holmes last Wednesday after prayer meeting.

Prayer services and singing was well attended last Wednesday night at our church, twenty eight being present. We are having some good singing every week and are always glad for some one to come help us.

Mr. and Mrs. Mel Jones ate lunch with Mr. and Mrs. Winson Gray and Dorothy Sunday. Word has been received of

the coming marriage of Sandra Randolph, daughter of Rev. and Mrs. M. E. Randolph, former pastor of our church, and now pastor of the New Live Oak Baptist Church of Merkel, where they reside. She will be wed to Jerry Burrow, of Abilene, on Thanksgiving Day, with the rites being read by her father, in the church where he is pastor.

Linda Goodwin attended a birthday dinner and party at the home of Lynn Brannon, in Hamlin, Saturday, celebrating Lynn's birthday.

Saturday night Linda accompanied Suzanne Wicker to a chili supper, sponsored by the Camp Fire girls.

It seems that the Drakes are trying out their new car quite a bit. Last Tuesday they went to Albany to visit with Mr. and Mrs. Bud Scott, then on to Moran to see Mr. and Mrs. John Rice.

Sunday afternoon they visited with Mrs. W. L. Hunter, Sr. of Hamlin.

Mr. and Mrs. H. L. Ford went to Stamford Sunday after-

noon to visit with his father, Mr. Joe Ford, in the hospital.

Friday night Rev. Lewis and Flavi Holmes went to Stamford to see Mr. Ford, while the ladies were having their social, after which they visited with Elmer Joiner and Bill Newland in the Joiner home, who were also waiting for the party to be over.

Mr. and Mrs. Thompson Young visited with Mr. and Mrs. Mel Jones Saturday night, etc.

Mr. and Mrs. Lanier Foster of Jacksonville, Fla., returned to their home last weekend after a 10 day visit with his parents, Mr. and Mrs. Bill Foster and Lanny. They also visited Mrs. Foster's relatives and friends. Foster, a Third Class Air Crewman, had just returned from Cuba before getting leave and is now waiting assignment to Puerto Rico. He is assigned to P 2 V Neptune Bomber Squadron and his duties include flying a naval patrol plane.

WEEK'S COTTON SAMPLES DOUBLE WEEK BEFORE; STILL BEHIND

According to B. B. Manly, Jr., Officer-In-Charge of the USDA's cotton classing office in Abilene receipts from District 2, totaled approximately 15,850 samples last week. Although this is approximately twice the number of samples received the preceding week, receipts are still below the season normal. The primary reason for this of course is the harvesting in the area continued to be slow because of adverse weather of the preceding week. However, fields were drying and once again getting in good shape for both hand pulling and machine stripping. The portion of District 2 served by the Abilene Classing Office is composed of the Counties surrounded by Dickens, Sterling, Runnels and Jones Counties.

Grades improved slightly over the previous week with a gain of Light Spot Grades, accompanied by a small percentage decrease of Spotted Grades. Two percent of the cotton classed was classed as White, 58 percent was Light Spot, 39 percent was Spotted, 1 percent was below Grade. Middling Light Spot was the predominant grade making up 33 percent of the total.

Staple continued to run about the same as the previous week. Breakdown by staple shows the following: 29/32, 12 percent; 15/16, 79 percent; 31/32, 7 percent; 1-inch and longer, 2 percent.

Marketing activities continued to increase last week. Some average prices were: Middling Light Spot 15/16, 30.39; Middling Light Spot 29/32, 29.93; Strict Low Middling Light Spot 15/16, 29.36; Strict

Low Middling Light Spot 29/32, 28.90; and Middling 15/16, 28.85

The most common problems for which cotton is reduced in grade when classified are grass and bark. As more cotton is being machine gathered, these problems are becoming more serious.

Mechanical harvesters have a tendency to harvest grass, as well as bark, along with the cotton. Maladjusted machinery, or stripping too soon after the plant is killed, causes most barked bales. If the stalk is dry, and machinery adjusted properly, barkedies are rare.

Grass and bark are very difficult to separate from the cotton, and their removal results in the loss of cotton which clings, probably a lower grade of finished product.

Since grass and bark lower the value of the lint after it is ginned, producers should improve their cultivating and harvesting practices in a manner which will do away with these costly foreign objects so common to the cotton industry.

Underwood

now offers the most complete line of office machines ever available from a single source

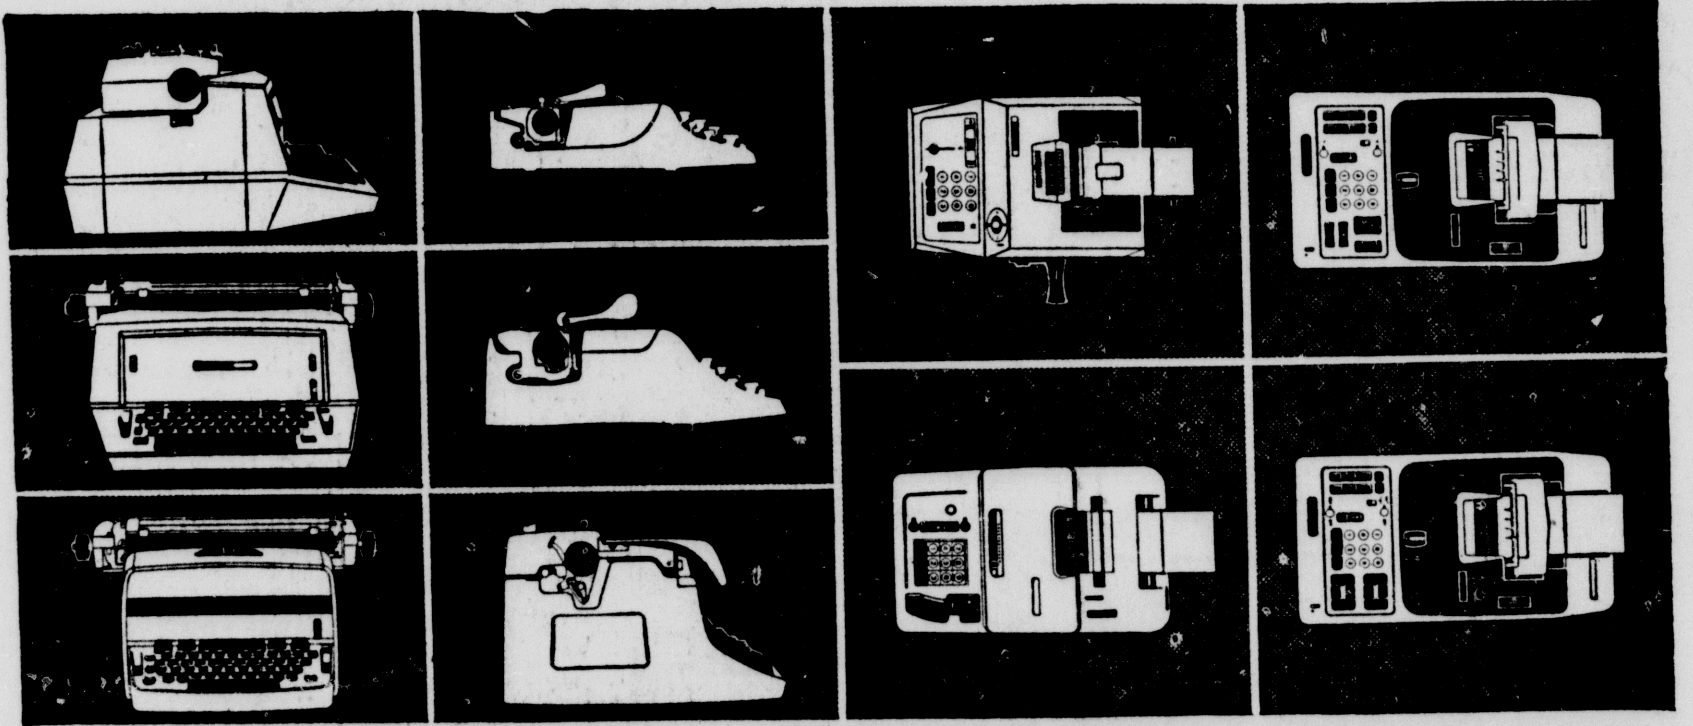

Underwood's wide range of portable, standard and electric typewriters, adding machines, calculators, accounting machines and tape-to-card converters is assurance that the Underwood Representative is uniquely able to match the machine to the job, free from pressure to sell a machine that's too much for the job or too little.

For example, he has three dramatically new Underwood electric typewriters—to cover every typing requirement from the board chairman's most important correspondence to the shipping department's labels. But when typing demands don't justify an electric machine, he is able to provide a new Underwood standard typewriter that produces high-quality typing at exceptionally low cost.

So varied and versatile is the new Underwood line that no matter what your business or your office requirements, it's almost certain that one of Underwood's office machines shown below can save substantial sums of time and money for you.

Soon your Underwood Representative will call on your company. If office costs are your concern—he's your man.

If you'd like to see him immediately, telephone—or write to Underwood Corporation, One Park Avenue, New York 16, New York.

- underwood RAPHAEL: An electric typewriter with automatic variable spacing, polyethylene carbon ribbon and many advanced features.
- underwood-olivetti LETTERA 22: A super-lightweight portable with important big-typewriter features.
- underwood-olivetti STUDIO 44: A compact standard with all important office-typewriter features, yet easily portable. Full-size keyboard.

NEINDA PHILOSOPHER ADMITS HE WAS JITTERY ABOUT BOMB SCARE, FOR A SOMEWHAT PECULIAR REASON

Editor's note: The Neinda Philosopher on his Johnson grass farm on route one must have been affected about like everybody else by the international situation, his letter this week indicates.

Dear editor:

Despite the fact I've tried my best to keep the international leaders informed that this Johnson grass farm out here is the most un-bombworthy spot on the face of the earth, that nobody in his right mind would waste a bomb on it, I'll admit I was a little on the jittery

side when those Russian ships were sailing toward those American ships off of Cuba two weeks ago.

Well, not jittery enough to make a run for any place, I don't have any place to run to, but I was uneasy, and the reason is that the world's not ready yet for an all-out missile war. It's too inexperienced.

I mean, its aim ain't good enough.

Oh, I know the experts talk about intercontinental ballistic missiles which are in place and zoned in on this or that big population center, but judging by the number of failures, misfirings and off - course satellite shots so far, how do I know a giant missile with an atomic warhead aimed at Abilene might not get off two degrees and land on my chimney?

This is typical of the human race. You're required to have a license to drive a car 60 miles an hour, a license to get married, a license to sell real estate, a license to even cut hair or run a beauty shop, but any nitwit can pull the pin loosen-

SWEETHEART — Marcella King, daughter of Mrs. W. B. Berry, Hamlin, was recently selected the sweetheart of Beta Sigma Phi in Lovington, N. M. By winning the honor, Mrs. King will now compete in the contest for international sweetheart of Beta Sigma Phi. Mrs. King formerly lived in Hamlin and attended school here.

PIPERS LOSE DISTRICT GAME TO BALLINGER FRIDAY, 36-14

Failing to stop the varied offenses of the Ballinger Bearcats here Friday night, the Pipers suffered their third conference defeat, 36-14. The Pipers were still in the game until the fourth quarter as they trailed only two points going into the final period.

Early in the fourth period the Bearcats scored their third touchdown and with nothing to lose and everything to gain the Pipers tried to open the game up only to have it backfire. Attempting to run from the spread, the Pipers were thrown for repeated losses in the fourth quarter.

The Pipers had a net loss of 13 yards on the ground in the second half. At the end of the first half the Pipers led in first downs, 10-5.

Taking the opening kickoff the Pipers scored in 6:12 minutes with Van Newberry going over his right tackle from the 6 yard line. The drive covered 67 yards and took 15 plays. The big ground gainer of the drive was a 18 yard scamper by Larry Butler. Robert Pearce's try for the point-after was blocked.

Returning the kickoff to their own 31, the Bearcats scored in six plays with quarterback Gary Brown covering the final 25 yards. Brown was running from the deep position on the spread formation and ran up the middle to score untouched. Jim

Slaughter ran the two points in.

The Pipers fumbled on the first play following the kickoff with the Bearcats recovering on the Pipers 28. The Bearcats scored 7 plays later on a 14 yard pass from Brown to Sammy McMillan. Slaughter again carried for the 2 points.

Late in the second period the Pipers opened a drive on the Bearcat 30 when Dan Newberry recovered a Ballinger fumble. Van scored from the 1 yard line on the quarterback sneak with 2:28 left in the first half. Van carried over his left guard for the two points and the Pipers trailed by two points, 16-14.

Both teams failed to keep drives alive in the third period and were forced to punt. Ballinger started the drive for their third touchdown in the closing minutes of the third quarter from their own 22 yard line. Slaughter went around his left end for the score from his five yard line. The point after try failed and the Bearcats owned a 22-14 advantage.

Two plays that lost 19 yards and an incomplete pass forced the Pipers to punt from their own 19 with Ballinger taking over on their 38.

Facing fourth and five from the Pipers 35, Brown went into the spread again and raced up the middle of the field to score. The point-after try failed and the Bearcats led, 28-14.

Following the kickoff, the Pipers went into the spread from their own 36, but a bad pass from center was recovered by the Bearcats on the Hamlin 20. Two plays later Ballinger scored with Wendel Underwood going over right tackle from the 7. Brown passed to Bobby Jennings for the two points to put Ballinger ahead, 36-14.

Two pass interceptions killed Piper drives and the clock ran out as the Pipers were on the Ballinger 47.

Underwood was the ton ball carrier with 60 yards in 10 carries. Dan was high for Hamlin with 51 yards in 11 carries. Van had 66 yards in 16 carries at the half but lost 39 yards trying to pass from the spread in the second half.

DELTA KAPPA GAMMA
Beta Chi Chapter of Delta Kappa Gamma met Saturday afternoon at Haskell in the Texas Cafe. About thirty members were present and four visitors.

The meeting was impressively opened with a Memorial Service for Mrs. Ada Rike, pioneer Haskell teacher who passed away during the summer. The

ceremony ended with the singing of The Lord's Prayer by Mrs. Mary Martin.

The program leader was Mrs. Vera Bell of Old Glory and the subject of the meeting was "New Frontiers for Women." A Symposium composed of Mrs. Jean Swadnak of Knox City, Mrs. Op! Nanny of Haskell and Mrs. Margie Lott of Aspermont very effectively presented "Recognizing Women Leaders." The president, Mrs. Cecil Klump of Old Glory, presided over the meeting. Also attending from Old Glory was Mrs. Jane Pritchard. Pumpkin pie and coffee were served by the Haskell hostesses.

I, Sharon Leverett, would like to take this opportunity to express to each and every one of you who subscribed to THE HAMLIN HERALD contest which was just completed. I would also like to thank those

Breezeway window goes down—Mercury sales go up...up!

WHY DOES THIS BREEZEWAY REAR WINDOW help sell so many Mercury Montereys? This is styling that works! The recessed rear window stays clearer in rain or snow. It opens for controlled Flo-Thru ventilation. More wind, traffic noise and weather are shut out because the side windows can stay closed. The rear-window angle cuts glare, aids rear visibility. The extended Breezeway roof adds rear-seat headroom, shades passengers from the sun. See how practical elegance can be!

Southwest

Here, in the very heart of the Nation's largest sheep-producing area, a famous packer has established a lamb processing plant.

Any new industry contributes to the economy. But a new industry which processes a product of the area is doubly important.

We are convinced that this is a growing trend. It has become an important part of our continuing efforts to inform America's business leaders about our industrial advantages.

It is another reason why we say that we face GROWTH UNLIMITED here in the Center of the Southwest.

P-TA HEARS OF PROBLEMS FACING PARENTS, TEACHERS, CHILDREN

Miss Aleise Cline, Director of Guidance for Abilene Public Schools, was the featured speaker for the special Dad's Night program of the Hamlin Parent-Teachers' Association in the Hamlin High School Auditorium Thursday evening.

A graduate of East Texas State College, she also holds a master's degree from the University of Colorado and has done graduate work in universities in New York, Wisconsin and Chicago. She is now working on her doctorate at Pennsylvania State University in the field of guidance. She has been with the Abilene School System for the past 15 years and is much in demand as a speaker.

She spoke to the group on the numerous problems that parents, teachers and children are facing today. Although, she mentioned, it is not something new but these problems have been building up for some time.

She said "Young people must be kept busy, active and learning at a steady rate for maturity but for their own protection we must vary their pace." She continued with these

points, are we asking too much of the child's time, how many demands are being made, and what are the long range goals for our children?

She emphasized the importance we must vary their tance of children having a quiet time, a time to be alone with their thoughts and to discover themselves.

Miss Cline also told the parents and the teachers, who were in the majority, that each phase of development of maturity was marked by a sign which was a milestone in the life of each youngster and parents and teachers should be alert to recognize these signs.

Superintendent C. F. Cook introduced the speaker.

The Rev. Cecil Stowe, pastor of the Church of the Nazarene, gave the invocation.

The special program was highlighted by a singing group of music teachers from the Abilene schools as they presented several popular selections and also led the audience in singing rounds and a motion song.

The group included Mmes. Jacqueline Gray, Sue Hardt,

Marylyn Swaim, Ruth Parsons and Misses Doris Newhouse, Kay Hoelscher, and Kathleen Lamar. Mrs. Clara Wier was the accompanist.

The men assumed the responsibilities during the business session with Ed Croan presiding. Marvin Carlton, junior high principal, read the minutes. James E. Rodgers gave the treasurer's report. Jerry Waggoner was in charge of room count which revealed that Mrs. Fred Smith and Mrs. Harvey Elkins were tied with the same number of parents present.

Mmes. Robert Fowler and Garland Preston were hostesses for the refreshment period following the program.

WEST TEXAS UTILITIES DISTRICT MANAGER TO RETIRE IN DEC.

K. K. Francis, former West Texas Utilities manager here, and now District Manager of the Stamford District which includes Hamlin, will round out more than four decades of service with his retirement in December. He has been District Manager for the past 25 years.

His long career in the utilities industry began in 1917 when he was employed as a cashier and meter reader for the Grand River Gas Company in Vian, Oklahoma. This company later became a part of the Commonwealth Public Service Company, and he served as a material clerk for the company's line construction program in Oklahoma and Arkansas. His career was interrupted by World War I when he volunteered for service with the U. S. Army Engineers.

He returned to work for Commonwealth following the close of the war and was sent to DeQueen, Arkansas as a material clerk on the construction of an ice plant.

In December, 1920, Francis resigned his job with Commonwealth to accept a job with West Texas Utilities Company in Abilene. He served as an assistant to the Chief Clerk, and six months later, joined a transmission crew as a material clerk on the construction of a line from Abilene to Cisco. From 1921 until 1924, Francis served as a WTU Local Manager in Baird, Hamlin and Stamford. In 1924, he returned to Abilene where he served as Assistant District Superintendent until he assumed his duties as District Manager in Stamford in 1937.

The announcement was made this week by West Texas Utilities Company that Russell Crowmover, Assistant District Manager for the Company in Abilene, will succeed K. K. Francis as District Manager in Stamford. The change will be-

Van, quarterback, has played football, basketball, track and golf all four years in high school. He was chosen on the year. He has been a member of all-district basketball team last the Spanish Club for two years.

Dan, fullback, has also played football, basketball, track, and golf all four years in high school. He is a member of the Society, and is president of the Library Club, National Honor Spanish Club this year. He was the sophomore class president and freshman class favorite.

Last Monday afternoon the senior government class presented a program on the candidates seeking office for governor of Texas. Margaret Maberry acted as moderator and introduced the program, after which, O. H. Weaver, Jr., and Billy Blankinship presented the life history of the two candidates, John Connally and Jack Cox. Gloria Jenkins and Barry Moore then explained the platforms of the Democrat and Republican parties. In summation Jeanette Ballard and Andy French presented ed-

itorial taken from daily newspapers. In closing Margaret showed and explained a sample ballot.

The Hamlin Chapter of Future Farmers of America is to serve as host for the annual Stamford District FFA leadership contests November 13. There are six different leadership contests. All first place teams will represent the Stamford District at the Area II leadership contests December 1.

Teams are expected from the following schools: Anson, Avoca, Aspermont, Hamlin, Haskell, Hawley, Girard, Jayton, Lueders, McCauley, Paint Creek, Roby, Rochester, Rotan, Rule, and Stamford.

The contests will begin at 12:30 in the vocational agriculture building, auditorium and cafeteria.

Hamlin Future Farmers will enter at least three of the contests—junior and senior chapter conducting and FFA quiz.
